### Do It Now

Have that old-fashioned, unsanitary plumbing replaced by new and modern open plumbing. It will repay you in the increase of health and saving of doctor's bills. Overhauling and refitting thoroughly done. Let me give you a figure for replacing all the old plumbing with the modern kind that will keep out the sewer gas. The work will be first-class and the price reasonable.

## AFRAID TO STAND FOR PRINCIPLE

The Bulletin should be delivered everywhere in the city before 6 a. m.
Subscribers who fail to receive it by that time will confer a favor by reporting the fact to The Bulletin Co. Trouble with Many Men Today Regarding Jesus Christ, Says Evangelist Stough, Is that They are Like Pilate -Many Children at Afternoon Service.

Evangelist Stough had an audience of about 400 school children at the armory Monday afternoon at 4 o'clock when he gave them a talk on Pailread Signals, illustrated with flags. It was a keen, bright-oyed aggregation of Young America, wriggling and squirming at times, with some among them anxious to take advantage of any opportunity for fun, but Dr. Stough enlisted and held their attention well throughout his talk. An introduction between the speaker and his small hearers was accomplished when he told them his name, asked them theirs and received the reply in a chorus of shouting, and then the introduction was concluded when speaker and audience lifted hand above heads and inclined them forward in a long-distance handshake.

Part of the children made up a chorus on the stage which Mr. Spooner led in the singing of several hymns while the audience was gathering.

Prayer was offered by Dr. M. S. Kauf-For New England: Partly cloudy on Tuesday: Wednesday fair; continued cool; moderate to brisk north to northwest winds. ald: On Tuesday overcast weather and nearly stationary temperature will prevail, with occasional rain and light to fresh variable winds, and on Wednesday partly cloudy weather, with slight temperature changes. Morally Good or Bad.

It is not a question today of being morally bad or morally good. It's not a question of morally, but of God's son whom he provided as the remedy from sin, and the man that turns away from him turns away from the away from him turns away from the only remedy that God has provided.

Peace of heart also depends upon the answer to this question. What is all the world seeking, the banker with his wealth, the society woman' with her pleasure, the man with the tin pail? They are trying to get money and wealth and property that through these things they may satisfy a great unrest that lurks in their bosoms. They are seeking peace although they may not know it, and peace is not to be found in these other things, but only in the forgiving grace of Jesus Christ. This is the judgment day question. It will be, What about my Son? Did you not hear Him preached from the pulpit, sung from the choir, taught at your mother's knee? Did you not hear that He came to save souls and what did you do with Him? As you answer will depend your destiny for eternity.

Afraid to Stand for Principle.

Afraid to Stand for Principle What a pity that Pilate did not an wer this question right to send his name ringing down the centuries as the champion of Jesus Christ! We need such champions, stalwart, courasong service under H. Lansing Spooner for half an hour before the preaching.

In the announcements Dr. Stough called especial attention to the preaching service this afternoon at the Central Baptist church at 3 o'clock, to the cottage prayer meetings which are resumed this morning at 9 o'clock, and to the service at 10 a. m. Thursday at the Central Baptist church, when Rev. F. O. Cunningham of New Bedford is to preach.

The solo for the evening by Mr. Herring—Bearing His Cross—was one of the most effective of his selections and was sung in his usual expressive manner. Dr. Stough's text was Matthew xxvi, 22: What shall I do then with Jesus which is called Christ?

This is not a Christian question, said Dr. Stough, but was asked in preaching.

Ing Preferable.

There is no care for an itching paim—the money kind. Even posiam, the new skin discovery, cannot help it. But when it comes to exzema, the most annoying of itching skin traubles, posiam will stop the litching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of excema, accompanied by severe itching and caused by imperfect digestion and careless diet. Poslam comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danielson and Chescebro's in Willimantic, make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-fifth Street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.
